

## **Accessibility Statement for Helen Ashton Reflexology:**

I am committed to making my mobile reflexology service and website as accessible as possible for all users, including people with disabilities. My treatments are delivered in clients' own homes, workplaces, or care settings, allowing me to adapt the environment to meet individual needs, such as mobility considerations, seating, or space requirements.

My website has been designed to be user-friendly, mobile-friendly, and easy to navigate. I aim to provide clear, readable content and a logical structure to help users find information easily. While I strive to meet accessibility standards, I recognise that not all features may be fully implemented at this time.

If you have any difficulty accessing information on the website or need information in an alternative format (such as larger text, email, or phone communication), please contact me directly at [helenashtonreflexology@gmail.com](mailto:helenashtonreflexology@gmail.com) I will do my best to respond promptly and accommodate your requirements.
